Air Quality Update

- Sealing of roads has lead to improvements in air quality
- Easier to enforce and investigate dust track out from industry.
- We will be focusing on Jones and Bunting Roads precinct for our compliance inspections over the next quarter.
- There are current ongoing investigations with regard to dust track out of several businesses in the precinct.
- PINS and Official warnings have been issued.

Fire Prevention

- Due to some recent fire events at industrial sites, EPA is facilitating a fire prevention program.
- Proactive work in collaboration with the MFB and various Council's to reduce the fire risk of various industry is currently underway.
- Further work in this space is going to be carried out over the coming weeks.
